*Summer Camp  
2017*

A Martial Arts summer camp like no other with fun, learning, exercise and more!

### Morning Fun Study/Review:

When students arrive we will work on math and english to keep their skills current and not lost over the summer. We'll present the review in a fun and competitive way so that it challenges them but is fun at the same time. In addition to the review we have set aside a reading time and children are free to bring any other scholastic projects to work on.

### Martial Art Classes:

Our campers will get to take martial art classes five days a week. They will be issued an official uniform and will also have the opportunity to actually earn their first belt ranking. In addition to the physical self defense skills they will learn, they will also gain a much deeper understanding and appreciation of why discipline, courtesy, and respect are essential for good relationships and success in life.

Ensure they are adequately prepared

### Exciting Adventures/Field Trips:

How could we call it Super Summer Camp if there weren't exciting adventures? Children get to go on field trips almost every day of the summer. Where do we go? Here are just a few of our past destinations:

- Pump it Up
- Bowling
- Chuck E. Cheese
- CiCi's pizza
- Miniature Golf
- Chesapeake Beach
- Water Park
- Movie Theater
- Laser Tag
- Nature Center
- Marley Bounce

Arts and crafts provide a relaxing opportunity for kids to kick back and enjoy making things. Children are divided into age appropriate groups and assisted with their projects. You will be surprised when your child brings home his/her crazy and amazing works of art.

### Camp Dates and Registration Information:

Summer camp runs from the Monday after school ends to the day before school starts back in the fall. We are open every day with the exception of July 3rd, July 4th and September 4th. Our day begins at 7:00am and pickup is by 6:00pm.
